Re: Letter Of Recommendation

To Whom It May Concern:

To describe the level of commitment you receive when you use the services of W.E.B. Designs is, knowing that without a doubt, I am going to get the most consistent, most detailed set of blueprints available. Warren has a very critical eye for architecture and gives great suggestions and listens well to what the client's wants and needs are; which is very important. Warren makes himself very available to me and my clients by phone and email at all times. If there is a question or comment, he is always available and happy to assist in any way he can.

Thank you for all your hard work.

Sincerely,

Jeffrey R. Smith, President
